Coin Counting Scale

ADAM®

Adam Equipment's coin-counting scale offers the ability to quickly count coins and tokens, delivering speedy, accurate results. With nine preset values and three token values, the scale can be configured to count any currency. The scale includes a rechargeable battery, so it can be operated when mains power is unavailable. Memory accumulation keeps track of amount totals, displaying the figures on a backlit LCD that is readily visible in any lighting conditions. The scale's durable stainless steel platform is easy to clean, while its large size accommodates a variety of container sizes. Security is essential when counting currency, and the coin-counting scale provides password control to eliminate unauthorised use.
