

Basic Glossmeter (60°)

BGD 513 Basic Glossmeter uses plastic shell and one-body standard board. It can be used in many fields as below:

- All kinds of coating and finishing surfaces, such as paints, varnishes, printing ink, etc.
- Decorative materials, such as marble, granite, polishing brick, ceramic tile and so on.
- The other kinds of materials and objects, such as plastic, woodenware, paper, etc.

At the same time, it has better characters comparing with old types:

- ◆ Small, Smart, Stable.
- ◆ A single battery only. AA size, Rechargeable or alkaline.
- ◆ Simple to use.
- ◆ The knob protector for operating with ease.
